2009 - 2011

### University of Szeged

Biologist B.Sc.

2006 - 2009

## LANGUAGE SKILLS

**ENGLISH** B2

**FRENCH** A2

## RESEARCH INTERESTS

Ecology and diversity of soil invertebrates and microbes  
Effects of urbanization, intensive agriculture and climate change on soil organisms  
Plant invasion-soil biota interactions  
Effects of abiotic and biotic factors on organic matter decomposition in soil
